

MyGym is pleased to be combining forces with one of Sydney's oldest and finest gyms, HISCOES, to bring their special brand of training to Surry Hills

Small Group Training works just like personal training with out the price tag. Sharing your training session makes it a bit more fun, plus creates a bit of friendly competition so you work a bit harder than you would on your own. Mac and Lynsey and their team are not only experienced trainers, but they are also interesting people. They can help you train safely along with others while still getting the workout that's right for you and it might not be as boring as you think!

MY GYM SURRY HILLS TIMETABLE 2011

| 7:15pm | | X-TRAINING | | | | |

DESCRIPTIONS:

X-TRAINING

Workouts are a powerful mix of cardio and weights for increasing fitness and lean muscle. The basic movements use equipment like weights bars, chin-up bars, Olympic rings and Kettle Bells, as well as explosive moves for a great all over workout.

X-TRAINING TRX

Starts with some interval cardio blasts to get your heart pumping, then follows with an allover workout focusing on your core using the TRX suspension trainer (have a look at www.trxtraining.com) and finishes with a good stretch. The focus changes monthly, from strength and conditioning to cardio and endurance.

STRENGTH

Predominately weights sessions for getting stronger and toning muscle. Sessions are made up of various essential training moves, like squats, lunges, chin-ups, push-ups and more! A weekly routine of one strength, one x-training session plus a spinning or boxing class or a run – makes for a great all over training routine.
